STARTLING REVELATIONS

Premised by Relatives and Friends of
Fred Ketterer.

Ashland, Ky.—Startling revelations into the management of the Eastern Kentucky Asylum for the Insane at Lexington, Ky., are promised by the relatives and friends of Fred Ketterer, who died at the institution in June, and it is alleged that the employees of the institution will be charged with murder. Ketterer was a resident of this city, and was for years employed in the steel mills here. During the latter part of May he became violent while at his duties in the steel plant, and it was necessary for him to be bound hand and foot while being taken to the asylum. In less than a month after being sent to the asylum Ketterer's remains were sent to his family in this city, with the information from the asylum officials that he had come to his death as a result of "exhaustion due to acute mania." This verdict was not approved by the family of Ketterer, especially after his remains arrived here, and marks of violence were visible on his face, and a post-mortem examination was held which disclosed the fact that the man had apparently suffered blows on the back of the head and on various parts of his body, which local physicians claim were sufficient to cause his death.

DEATH IN ITS WAKE.

Shower of Timbers and Iron Followed
the Bursting of a Boiler.

Mt. Sterling, Ky.—A terrific explosion occurred at Marietta, Meigs county, when the boiler of Riley Waters' sawmill blew up. The building was torn to pieces, and Ross Byrd and John Hale were instantly killed, their bodies being badly mutilated by falling timbers and pieces of iron. Miss Dicie Wilson was fatally burned, and James Hager and Mrs. Waters, wife of the owner, and her child were so badly burned and scalded that they will be helpless for life, even should they recover. The boiler was blown from its base of feet away. The loss on the mill will be about \$2,000. This is the third explosion which has occurred in Meigs county within the past year from dry boilers.

JUDGE LASSING'S PLACE

On the Democratic Committee to Be
Given to Haldeman.

Louisville, Ky.—Following the resignation of Judge J. M. Lassing as member-at-large of the democratic state central and executive committee, it was authoritatively given out that Col. W. B. Haldeman would be selected to fill the vacancy. It is thought that Chairman Lewis McQuown will issue a call for a meeting in a few days when Col. Haldeman will be formally given the post. It is not now believed that the name of Louis Descroignes, of Lexington, who has made an active canvass for the position, will be presented to the committee, as Col. Haldeman has more than enough votes to carry him through.

JUST FOR FUN

Franklin Wrote Letter Which Caused
His Brother-in-Law's Death.

Glasgow, Ky.—The mystery surrounding the murder of Ed Hoggard, who was killed on the night of August 8 while asleep at the home of his brother-in-law, J. E. Franklin, at Greenburg, Ky., is thought to be about cleared away. Just before he was killed Hoggard received threatening letters. On the strength of these letters Franklin has been arrested charged with the crime. The fact that led to his arrest was the striking similarity of his handwriting to that of the party who wrote the threatening letters. After being held to the grand jury Franklin admitted writing his brother-in-law a letter, "just for fun."

WATER FROM RIVER JORDAN.

To Be Bottled by Covingtonian and
Shipped to All Parts of World.

Alexandria—Clifford Nadeau, of Covington, Ky., president of the International River Jordan Water Co., arrived from Constantinople, where he was able to obtain from the Turkish government the sole right of shipping water of the Jordan river from the banks of the stream in Palestine to all parts of the world for baptismal and other purposes. Colonel Nadeau is now proceeding to the sacred river by the Jerusalem route, and may be trusted to take measures to render the commission effective. It will be after ward bottled in the United States in bonded warehouses. The first shipment, it is expected, will leave for America in a month.

MILITIA WILL SCREW DOWN

Louisville, Ky.—If the Police Can't Do
It, Says Gov. Beckham.

Louisville, Ky.—Gov. Beckham told Mayor Paul C. Barth that he wanted all saloons and theaters in Louisville closed on Sundays, and that if he did not have sufficient police power to carry this order into effect he (the governor) would assist him by calling on the militia. The governor, the mayor and the city attorney talked the matter over for about an hour. The governor declared the law was being violated by allowing saloons to keep open for the sale of soft drinks and that it was the duty of the state and city to see that they were closed. Mayor Barth said that he did not know it was necessary to take any additional steps relative to Sunday closing. The saloon men say they will stand on their rights and will keep open next Sunday for the sale of soft drinks, despite the governor.

PAIN FROM A BURN PROMPTLY
RELIEVED BY CHAMBERLAIN'S PAIN BALM.

Mr. James N. Nichols, a merchant and postmaster at Vernon, Conn., makes the following statement: "A little child of Michael Strauss was recently in great pain from a burn on the hand, and as cold applications only increased the inflammation, Mr. Strauss came to me for something to stop the little one's pain. From the many liniments I carry in stock, I advised him to use Chamberlain's Pain Balm, and the first application drew out the inflammation and gave immediate relief. I have used this liniment myself and recommend it very often for cuts, burns, strains and lame back, and have never known it to disappoint." For sale by Chas. C. Davis, the leading druggist in Mt. FINDS PEACE STILL FAR OFF.

TAFT ALREADY HARD AT WORK IN HAVANA.

Big Government Force Is Now at Matanzas Awaiting Orders For a March Toward Havana.

Havana, Sept. 19.—Secretaries Taft and Bacon arrived here from Tampa aboard the United States cruiser Des Moines. They were met by Mr. Sleep, the charge d'affaires here, and are already going over the latest developments of the situation.

Up to the present time Zayas, representing the insurgents, and Secretary Montalvo, representing the government, have made but little progress toward an agreement. The insurgent demand for the release of all political prisoners has proved a stumbling block, as the Cuban government is unwilling that Gaullier Gomez, Jose Miguel Gomez, Castillo, Mendietta and other prominent leaders of the opposition should be set at liberty at this critical juncture, with the rebels in the field warring for lack of strong leaders.

The legal point has been raised in the palace that in the case of such prisoners as were arrested on a warrant issued by a judge the executive can not interfere. The rebels say that this is a poor argument, for it is well known that the judge in such cases acts on direct, if unofficial, orders of the executive.

Government forces, 2,000 strong, under the command of Col. Botancourt, are concentrating at Matanzas, and it is reported that they expect orders to march toward Havana.

Rebels Destroying Property.

Since the return here of the military trains the rebels are again destroying property of the Cuban Western railroad, a British enterprise. The important bridge near Los Palacios has again been destroyed; another bridge at Santa Cruz, near Taco Taco, and smaller bridges in that district like fighting on Saturday in Cienfuegos, were have been wrecked.

Quiet prevails in Cienfuegos. The cruiser Dixie, with 300 marines aboard, arrived there. Rebel depredations on United States properties have ceased since the landing of the Marines. As the city is supposed to be quiet it is reported that the government forces and the rebels have agreed to suspend operations, in accordance with the decree of President Palma and the agreement of the insurgent leaders in Havana province, pending an effort to arrange a plan of settlement of the trouble through Secretary Taft.

Pino Guerra and his men are still on the war path in Pinar del Rio. Palacio was captured by the insurgents, many being killed and wounded on both sides.

The newest feature of the revolution is the appearance of Americans from the Isle of Pines complaining that officials of the courts there are searching the homes of all Americans for firearms and selling all arms which may be found. They will appeal to Minister Morgan and Assistant Secretary of State Bacon with a request that a United States naval vessel be sent to the Isle of Pines to safeguard the lives and properties of Americans.

A BLOW AT MORALITY

Is One Aimed at English Spelling By Roosevelt, Says Rosebery.

Hawick, Scotland, Sept. 19.—Lord Rosebery, speaking at the Jubilee dinner of the Hawick Archaeological society, of which Dr. Murray, editor of the Oxford New English Dictionary, is president, said, amidst laughter, that he came especially to hear Dr. Murray's opinion of President Roosevelt and was disappointed that not a word had been uttered on the subject.

Lord Rosebery then humorously referred to Mr. Roosevelt's spelling reform, saying a blow struck at the recognized rules of spelling of the English race was a blow at morality itself. Conscientious and virtuous people, he said, were hampered by spelling, but the unscrupulous and vicious spelled according to phonetic rules of their own, producing results fully acceptable to themselves and sometimes understood by others.

Katy Shops Burned.

Sedalia, Mo., Sept. 19.—The paint shop of the M. K. & T. railroad here burned. Eleven cars and coaches, including the private car of E. V. Allen, vice president and general manager of the company, were almost destroyed. The loss is estimated at \$100,000.

Looted and Burned Fine Residence. Pittsburg, Sept. 19.—After looting the handsome residence of Miss Indiana Loomis, of Crafton, but who is at present in Portland, Me., burglars fired the house, and it was completely destroyed, with its furnishings, entailing a loss of \$25,000.

Shonts' Narrow Escape.

New York, Sept. 19.—Theodore P. Shonts, the canal commissioner, barely escaped death when the horse attached to a cab in which he was riding took fright and ran away. He was badly bruised and shaken up.

Gems Taken From Corpses.

Los Angeles, Sept. 19.—Detective Freeman, formerly chief of the Pasadena police, at Stockton, arrested Emma Howard, alias Emma Stokes, for the theft of diamonds valued at more than \$5,000 from the dead body of the wife of Henry Briggs, of Pasadena.

No Rosh Hashanah.

London, Sept. 19.—A dispatch from Warsaw to the Jewish Chronicle states that in view of disquieting rumors the rabbis of Warsaw have recommended that the Jews do not attend the synagogues on the New Year festival.

mankind would have to invent milk. Milk is Nature's emulsion—butter put in shape for digestion. Cod liver oil is extremely nourishing, but it has to be emulsified before we can digest it.

Undertaker Willis Griffin sent four coffins last Sunday.

Let us hear from some of our citizens on the road question.

Rev. Combs will begin a protracted meeting at Wildie on Saturday night before the fifth Sunday in this month.

Those who intend to respond to call made for 25 cents assessment for the Burial Association are requested to do so at once.

A full line of silk waists in all the new fall shades are to be seen at my store opposite court house, Mt. Vernon.

MRS. CLEO BROWN.

SPEAKING:—Hon. N. B. Hayes, present Attorney General of the State and Democratic candidate for Governor will address the citizens of Rockcastle county, in the court house in Mt. Vernon, on Friday, Sept. 28th at 1:30 p. m.

The Hummel Grove church will be dedicated the first Sunday in October. Rev. J. T. Turpin will introduce. A. G. Koker will preach, and Rev. William Williams will pray the dedicating prayer. There will be dinner on the ground. Everybody is invited to attend.

The Masons are having a stone wall built around the Christian church, a much needed improvement. They propose to pay half for having the church building and Masonic hall painted, if the church members will pay the other half. We think it is time for the church to take some action.

Judge L. W. Bethurum has appointed the following delegates to the Fifth State Development Convention, which meets at Winchester Oct. 10, 11 and 12th: Dr. A. G. Lovell, Judge S. D. Lewis, Gus Staverson, W. B. Whitehead and J. D. Pennington. We trust that all the delegates can arrange to be present.

We overlooked the marriage of Miss Cleavie Hiatt and Mr. Charley Bowman, which took place at the residence of Rev. J. C. Carmichael two weeks ago. Such errors often come but not intentionally. At this late day, we want to extend to this splendid young couple our best wishes. The bride is the oldest daughter of Mr. A. C. Hiatt, the Hiatt merchant, a most charming young lady. The groom is a son of I. A. Bowman, and one of our most promising young men.

The John H. Sparks' Shows will exhibit at Mt. Vernon, Tuesday Sept. 25th afternoon and night. The excellent reputation left by the Sparks' Shows on former visits to Mt. Vernon would alone insure liberal patronage this time, but the lusty growth and vast improvement in the show since its last visit will make it more attractive than ever. Sparks is a man of energy and enterprise, wide experience and ample capital, and he has brought all this to bear in making his show superior to all other similar exhibitions.

DEAD:—About eleven o'clock Tuesday the death angel knocked, and the spirit of Mr. Robert Taylor took its flight. "Uncle" Rob, as he was affectionately called, was 79 years and 7 months old and one of the county's best citizens. About ten days ago pneumonia seized upon him, and with his weakened condition, he could not long withstand the heavy strain. The burial took place Wednesday at the Providence church, being the church of which he has been a member for many years. The home of Mr. Taylor has presented a very sad scene for the past week. In one room was Mr. Taylor, another room his wife and in another room his daughter, who has been an invalid for years. Of Mr. and Mrs. Taylor, it seemed that both must go and much uneasiness was entertained of the daughter because of her sickness of many years and weakened condition, it seemed that the strain would be more than she could bear, but we are glad to say that Mrs. Taylor and daughter are better, and much hope is entertained of their recovery. Besides them, there are four other children, W. T. George and J. M. Taylor, and Mrs. G. S. Livesay, Jr., all of whom were at the bedside of their father when the end came.

The family of Mr. Shad Bullock of Bloss, have measles.

Circuit Court adjourned to day. There has been considerable business transacted in the last ten days.

John Cook a brother of Mrs. G. M. Ballard, was killed and his son badly injured in an explosion at Jellico this morning. The report says about one hundred men in all were killed. Mr. and Mrs. G. M. Ballard will go to Jellico this afternoon.

MARRIED: Miss Annie Traub, of Ottenheim and Mr. Fritz Kruger, of this place, were married in Louisville Wednesday. Mr. Kruger, who is one of our most energetic and enterprising citizens, has been a widower since last June. We extend to them our best wishes.

NOTICE:—My handle mill at Mt. Vernon will continue to run until Christmas. All parties having hickory suitable for handles which they desire to sell are requested to get in by that time. Mill will be moved January, 1st 1907.

E. T. WHEELER, Agent, Turner-Day & Woolworth Handle Company. sep 14 31.

A LESSON IN HEALTH.

Healthy kidneys filter the impurities from the blood, and unless

they do this good health is impossible. Foley's Kidney Cure makes

sound kidneys and will positively cure all forms of kidney and bladder

diseases. It strengthens the whole system. Chas. C. Davis.

RENT PAYS FOR THE LAND.

FERTILE SECTIONS OF THE SOUTHWEST, WHERE LAND SELLS FOR \$15 AND RENTS FOR \$5 PER ACRE.

One of the remarkable things about Eastern Arkansas and Northern

Louisiana is the fact that cleared land rents for \$5 per acre cash

and can be bought for \$7.50 to \$15 per acre. It costs \$6 to \$10 an

acre to clear it. Other improvements are slight and inexpensive.

The soil is rich alluvial, or made. It produces a bale of cotton per

acre, worth \$45 to \$60. This accounts for its high rental value.

Other crops such as corn, small grains, grasses, vegetables and fruits

thrive as well. Alfalfa yields 4 to 6 cuttings, a ton a cutting, and brings \$10 to

\$16 per ton. In other sections of these states, and in Texas as well, the rolling or

hill-land is especially adapted to stock raising and fruit growing.

§ 20. "All State, county and district taxes, except as otherwise provided, shall be due and payable on and after the first day of March after the assessment, and all taxpayers whose taxes are not paid on the first day of November after the same are due shall be deemed delinquent, and such taxes shall bear interest at the rate of 6 per cent per annum from the first day of November after they are due until paid; and any person or persons failing to pay their taxes by the first of November in the year following the assessment for such taxes, shall pay a penalty of six per centum additional on the taxes due and unpaid. § 21. Within fifteen days after any taxpayer becomes delinquent as provided in the preceding section, the sheriff or the collector of the county where the property is liable, shall make and certify to the county clerk a list of all such delinquents, the property assessed and the amount of tax, penalty and interest due the State, county or district and the date when interest begins, which he is authorized to collect, which list shall be by the clerk filed in his office and recorded in a book kept for that purpose, and so arranged with appropriate columns in which to record the facts certified by the sheriff and for recording the date of issuing the tax warrant, and the name of the county to which issued, and the substance of the sheriff's return thereon.

§ 22. The county clerk, in whose office the list is recorded, shall, within ten days after this list is filed, issue a tax warrant against each delinquent in the name of the Commonwealth of Kentucky. The tax warrant shall be directed to the sheriff or collector of the county in which the list is recorded, commanding him to collect of the delinquent tax interest, penalty and costs, and, if not paid on demand, to distrain and sell the estate of the delinquent, or the estate owned by him at the time the assessment was made, notwithstanding the existence of any lien upon the same, or a sufficient amount thereof to satisfy the tax, interest, penalty and cost of the tax warrant."

Sheriff Rockcastle County.

P. S. Under section 30 of the New Revenue Act, there is a penalty of 30 per cent imposed upon the Sheriff for failure to report to the County Court Clerk all tax payers, who do not pay their taxes by Nov. 1st.

While there is a general desire among the Cuban Insurgents as well as on the part of the Government officials to arrange peace as quickly as possible, nothing definite concerning the basis on which an agreement can be reached has yet developed. The hope that anything like permanent agreements can be secured by Wednesday, when Secretary Taft and Bacon are expected in Havana, has been abandoned. The situation on Wednesday probably will be simply one of armed truce.

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be lost forever; nine cases out of ten are cured by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

Fortunately I insisted upon having Foley's Honey and Tar in the yellow package, and it quickly cured me. My wife has since used Foley's Honey and Tar with the same success. Chas. C. Davis.

Harvey Cherault is making one-half mile of turnpike running from the ford of Roundstone creek to the big well at this place. Now if some of our other good citizens will rebuild the foot-bridge across the creek which washed out some time back so we can get to the pike this winter, we will be prepared for the winter in traveling one-half mile any how.—Material is being put on the ground to build the new depot at this place.—A Post-office inspector visited Conway Saturday last looking after Uncle Sam's tricks and making some inquiries in regard to the office being robbed at this place three years ago.—Mr. George Ketron's house burned between 5 and 6 o'clock Sunday evening. We understand Mr. Ketron had \$200 insurance on the building which is said to have cost him \$1800.—Rev. Bryant of Cartersville closed a two weeks meeting at the new church in Scaffold Cane Sunday night with ten new members to the church. Rev. Bryant is a good preacher and every one enjoyed his sermons during the meeting.

LAND, STOCK AND CROP

STRAYED—A pale red yearling heifer, dehorned, with a little brand on side, weighed about 400 pounds when she left two months ago. Liberal reward for her return. J. W. PARSONS, Aug. 31-5t Mt. Vernon, Ky. W. J. Kinley sold his farm on Line creek to W. F. McClure for \$350.

In these days of rush and hurry courtesy is often forgotten. In the mad, pell mell rush of our life little things are done to offend that we rather remain undone. A hastily eaten meal and its resultant headache may cause us social or financial loss. The wise man or woman is the one who relieves little ills of this sort by a little dose of Kodol For Dyspepsia. It digests what you eat and puts your stomach back into shape. Sold by Chas. C. Davis.

SOUTHWEST

The Land of BIG CROPS and PROSPERITY

Are you making as much off your farm as you ought? No doubt you are making all you can. The trouble is the land costs too much. It takes too much money to buy a big farm, and so you are trying to make a living on a small farm, or perhaps you are renting one and paying a good share of what you raise, in rent. Wouldn't it be better to go where the price of good land is so little that you can own a big farm—where every acre of the ground is working for you and you raise is paying you good profits?

There are thousands of acres of fertile land in the Southwest along the line of the Cotton Belt Route that can be bought for from \$3 to \$10 an acre. This land is increasing in value each year. SEE THE SOUTHWEST AT SMALL COST

A trip to the Southwest would convince your best interests lay in settling there. The trip can be made at very little expense. On the first and third Tuesdays of each month you can purchase a round trip ticket to any point in the Southwest on or via the Cotton Belt Route at very low rates. Stop-overs will be allowed for you to examine any locality you are interested in.

Write at once for free copies of books describing this wonderful country and for full information about cost of tickets, etc. L. C. BARRY, T. P. A., Cotton Belt Route, 82 Todd Bldg. Louisville, Ky.
